

Oklahoma Universal Service Fund (OUSF)

Fiscal Year 2016/2017 Remittance Worksheet Instructions

I. Filing Requirements and General Instructions

A. Introduction

The Oklahoma Telecommunications Act of 1997 (House Bill 1815), signed into law on June 13, 1997, established the Oklahoma Universal Service Fund (OUSF). The purpose of the OUSF is to ensure the availability of universal services at rates that are reasonable and affordable. The OUSF shall provide funding to local exchange telecommunications service providers that meet the state eligibility criteria.

OUSF funds may be used as necessary to maintain reasonable rates and to support Primary Universal Services, Special Universal Services, Lifeline Service, designated payments to the State Attorney General and administrative costs.

On June 4, 2015, the Oklahoma Corporation Commission (OCC) issued Order No. 641487, in Cause No. PUD 201400001, establishing the assessment rate for all providers of intrastate retail telecommunications services in Oklahoma at 2.16%, effective with the July 2015 data month. **The contribution factor of 2.16% will remain in effect for the 2016/2017 plan year (data months July 2016 through June 2017), unless or until superseded by Commission Order in Cause No. PUD 201500466.**

B. Who Must File

The Oklahoma State Act of 1997 states that OUSF shall be funded in a competitively neutral manner by all telecommunications carriers that offer intrastate telecommunications services within the State of Oklahoma. All local exchange carriers, interexchange carriers, wireless companies, paging companies, competitive access providers, operator service providers, resellers, payphone service providers, interconnected VoIP providers and other telecommunications service providers are required to contribute to the OUSF.

The OUSF assessment collected from each carrier shall be calculated as a percentage of total retail billed Oklahoma intrastate telecommunications revenues from both regulated and unregulated services. Telecommunications carriers may, at their option, recover from their retail customers the OUSF charges paid by the carrier.

The Oklahoma Corporation Commission rules can be found on the OCC website:

II. Line-by-Line Instructions for Completion of the OUSF Worksheet

Filing Identification Information

The following blocks are located in the top margin of the worksheet. Most of this information will be prefilled in on our online worksheet template in the OUSF E-File feature located at <http://www.gvnw.com/USE/OKUSF.aspx>, based on the information currently on file. Fill in the appropriate information as follows:

Block A- Company Code

The company code, supplied by the OUSF Manager, starts with "OK" followed by six digits. If this is the first filing for your company and you have not been assigned a code, indicate "NEW" in this block.

Block B- Submission Date

The Submission Date is the date the remittance worksheet is submitted to GVNW. The OUSF Manager should receive the worksheet in accordance with the reporting schedule included in **Attachment A for the 2016/2017 OUSF assessment period.**

Block C- Revenue Data Month

Indicate the Revenue Data Month (the month(s) and year(s)) that correspond to the revenue data being reported. In order to allow companies sufficient time to accumulate revenue information, data will be reported on a six-week lag basis. For example, the September 15, 2016 submission will be based on July 2016 revenues, the October 15, 2016 submission will be based on August 2016 revenues, etc. Please indicate the appropriate period (see Attachment A for "2016/2017 OUSF Reporting Schedule").

Oklahoma Universal Service Fund (OUSF) Fiscal Year 2016/2017 Remittance Worksheet Instructions

****Note 1: If this is the initial submission for your company, the OUSF assessment obligation applies to Oklahoma retail revenues earned for all months of operations.**

****Note 2: Companies expecting to report \$500.00 or less in OUSF revenue for the year are required to submit an annual report with payment for the July 2016 – June 2017 period. This submission is due September 15, 2016.**

Carriers should also indicate their reporting frequency. If you choose to report quarterly or annually in order to minimize administrative burden, payments must be submitted at the **beginning** of the reporting period based on an estimate for the period.

Block D – Original or Revision

Indicate whether this is the original or a revised submission for the data month(s) being reported.

Revisions should only be used to report errors and true-up data. Revisions will be processed in the monthly cycle when they are received so companies will not be required to wait until the end of the fiscal year to correct a reporting error.

Annual True-ups:

Company-specific true-ups should be reported as revisions to the worksheet as stated above. **Annual filers are required to submit an Annual revised worksheet, to report actual revenues for the July 2015 – June 2016 period, by September 15, 2016.**
